4th May, 1971.

Dear Mr. Walker,

Thank you very much indeed for your letter about your football team. We are very sorry to have taken so long to reply but we received so many letters following the appearance of Gordon Banks on the programme that we have only just finished sorting out the best way of meeting everybody's requirements.

We are sending you a list of all the football teams that have written to us, asking for fixtures. We hope that perhaps you might be able to get in touch with the nearest ones to you and arrange some matches.

Unfortunately, it just isn't possible at the moment for "Blue Peter" to arrange its own competition but we will keep your name in our files for future reference.

With best wishes from all of us on the programme for a good football season.

Yours sincerely,

(Geoff Wilson)
